11.05 am to 12.30 pm : Lecture-II:- Dr. Bheemesh, Director, NIALS and Senior Advisor, ALMT Legal, Advocates and Solicitors, Bangalore.

Topic: "Intellectual Property Right: An Overview"

About Seminar

In the changing situations, Higher Education Systems are expected to find out the intellectual and innovative ideas from the students and transform these ideas into startups. In this regard, the matters of Intellectual Property Rights are necessary to be known, so awareness about it among the students, researchers, faculty members is required. Taking into consideration these needs, Nanded Education Society's Science College, Nanded is organizing this seminar.

Objectives of Seminar:

- To provide basic & valuable information about IPRs.
- To know how to stimulate the innovation ecosystem with the help of IPRs.
- 3. To acquire the information about the career opportunities in IPRs.
- To understand how to incorporate an organization's intellectual property into start-ups and incubation centers.

Target Group:

Academicians, Research scholars & PG Students.

- *No registration fees.
- *Participants will get zoom meeting link in Telegram group.
- *E-certificates will be given to the registered participants.

Introduction of the Seminar:

Intellectual Property Right (IPR) refers to the legal rights given to the inventor or creator to protect his invention or creation for a certain period of time. IPR is a strong tool, to protect investments, time, money, effort invested by the inventor/creator of an Intellectual Property. Thus IPR, in this way, supports the economic development of a country by promoting healthy competition and encouraging industrial development and economic growth.

From dawn to dusk i. e. from Morning to Evening, we come across intellectual properties. The items have a very wide range and are related to food, shelter and clothing; things of survival, comfort and pleasure. We deal with these assets, including waking up from a Godrej Interio bed, using a supportive Sleepwell mattress and pillows, getting a cup of Taj Mahal Tea, to wearing a Nike tracksuit and shoes for a morning walk. A Parle Bread or Mother Dairy Milk at tea, or a cup of Nescafe, driving to the office in a Tata or Maruti car. In the evening, watching Sony Television and setting the alarm to wake up in the morning on Titan watch, we are using the items which are somebody's intellectual properties.

These properties are protected by a copyright or a right to copying or a trade mark. As the life of a common man is very closely connected with papers and goods that are under human property protected by laws. Without the owner's consent, the copying, alteration, and illegal duplication of these objects which constitute a serious offence. Therefore, for us, knowledge of intellectual property rights is needed. In the modern era, Intellectual property rights play a significant role in the trade of every nation. So, there are many more career opportunities in this sector.

Though it is a very important topic, still we don't know much about it. When we think about Intellectual Property, the only thing comes into our mind is Patent... but apart from this it includes Copyrights, Patents, Trademarks, and Trade Secrets.

So, by keeping these things in mind this seminar was organised by IQAC, NES Science College, Nanded.

Objectives:

- > The main aim or **objective** behind the organization of this seminar is.....
 - 1. To provide basic & valuable information about IPRs.
 - 2. To know how to stimulate the innovation ecosystem with the help of IPRs.
 - 3. To acquire the information about the career opportunities in IPRs.
 - 4. To understand how to incorporate an organization's intellectual property into start-ups and incubation centers.
