Science College Lecture Series

The College has been organizing lecture series in line with the strategic plan of the institution to impart in-depth knowledge and expertise by organizing Lecture Series for the academic development of the students so as to create a pool of resourceful, self-motivated scientific manpower.

The Department of **Electronics and Physics** has been organizing “**Late Dr. K. Ram Mohan Rao Lecture Series in Electronics and Physics**” from last 17 years, Department of Botany, Microbiology and Biotechnology organizes “**Dr. K. S. Deshpande Memorial Lecture Series**” from 2008 and Department of Chemistry, Analytical Chemistry & Agro Chem. & Fertilizers organizes “**Dr. D. S. Deshpande Lecture series**”. These lecture series cover different scientific lectures by experts and Scientists on innovative and new methods of learning Electronics and Physics, Botany, Microbiology and Biotechnology and Chemistry. In addition, this Library, Science College organizes Lecture Series on the occasion of “Vachan Din”, this year Library has organized **Azadika Amrut Mahostav** Innovate India Four Days Online National Lecture Series.

Objective of these Lecture Series:

- The lecture series brings together academicians, young researchers, experts and students on a common platform, for interaction and exchange of their views, ideas and experiences. This will benefit students, teachers and researchers. It will inspire the Electronics, Botany, Physics, Chemistry students and motivate the overall science loving community too.

-

“Late Dr. K. Ram Mohan Rao Lecture Series in Electronics and Physics”

In the department of physics “**Late Dr. K. Ram Mohan Rao Lecture Series in Electronics and Physics**” was started on the occasion of “World Year of Physics-2005” in the name of our beloved teacher Late Dr. K. Ram Mohan Rao. **Dr. K. Ram Mohan Rao** was student’s favorite teacher. He taught Electronics and Physics right from the inception of the department to the students and the colleagues.

- So far topics covered in this series are from the areas like ‘Digital signal processing, embedded systems, Communication electronics, Video signal processing, non-conventional energy technologies, quantum physics and astrophysics, Thin films, etc. Late. Dr. A. W. Joshi, HOD, Dept. of Physics, Pune University, Pune, Dr. P. B. Patil, Dr. S. H. Behre, Dr. M. L. Kurtdikar, Dr. S. Chandra, Dr. S. Aundhkar, Dr. Talbar, Dr. M. K. Patil, Dr. A. L.
