Dear Madam,

N.E.S. Science College is one of the premier institutions imparting quality education to the students of this region since last 70 years. The college is gradually proliferating its academic facilities in view of growing needs of higher education. The institution has been on the forefront in pursuit of academic excellence and good governance.

Poojya Swami Ramanand Teerth was a great visionary leader of Hyderabad freedom movement and an architect of the accession. Swamiji envisioned education as an effective tool for the development of highly backward region of Marathwada. As per his noble vision, Swamiji along with other freedom fighters founded Nanded Education Society, Nanded for catalysing educational revolution in this backward region. As a right step towards fulfilment of the mission, Swamiji established Nanded Education Society's People's College Nanded in 1950 as a pioneer institute to impart education to then underprivileged and downtrodden people of this region.

Visualizing the future and the need of Science education in India, a separate science faculty was started in June 1951 by the society. Sensing the importance of science education in near future, the founders bifurcated People's College, Nanded and established a separate college for science education in June 1963 as N.E.S. Science College, Nanded.

The Vision of this institute is: "To educate and transform the students to touch life at all points with human values".

NES Science College covers above 45 acres of land out of 85 acres of NES Nanded. The college has well established classrooms, laboratories, administrative blocks, auditorium, play ground, canteen, hobby workshop, Glass Blowing unit, ladies room, library lush green garden and open-air theater.

The college is serving the region and contributing to generating manpower in the field of Science and Technology. The College had initially offered courses in Physics, Chemistry, Botany, Zoology and Mathematics. Now the college has Ten additional courses at B.Sc., Electronics, Agrochemicals and
