Report of the Workshop

The process of the workshop is started with the motivation that the post graduate students studying in our region must become renowned scientist and academicians in the field of science and engineering.

The workshop started with the inauguration on 6th February in gracious presence of Dr. Venkateshji Kabde, Chairman, Nanded Education Society, Nanded, Honorable Prof. S. M. Jogdand, M.C. member, SRTM University, Nanded, Prof. D. D. Pawar, Director, School of Mathematical Sciences, SRTMU Nanded, and Principal of our college Dr. D. U. Gawai.

Friends during the last six days we experienced fruitful deliberations in 22 academic sessions in which invited talks have been delivered by eminent personalities.

Dr. D. D. Pawar, S.R.T.M. University, Nanded. Dr. Sachin Ballal, Central University of Hyderabad, Hyderabad. Dr. Amol D. Khandagale, Dr Babasaheb Ambedkar Marathwada University, Aurangabad. Dr Nitin S. Darkunde, SRTM University, Nanded. Dr Mrs. J. D. Thenge, PAH Solapur University, Solapur. Dr. Bridgemohan Dayama, Dayanand Commerce college, Latur, Maharashtra. Mr Sandip Kage, Gondwana University, Gadchiroli. Dr Rahul Mapari, Government Vidharba Institute of Science, Amravathi. These experts in these six days highlighted the basic and advanced concepts in Mathematics subject which are in the syllabus of SET/ NET/ GATE examinations conducted by various agencies. They have given not only theoretical lectures but also practical knowledge of problem solving with suitable examples.

There are 52 participants from all over the Maharashtra state. I feel that this event will be beneficial to inspire and develop the competitive attitude among the students and teachers. I am sure that the discussion of the workshop will definitely encourage the mathematics students toward proper study and students will pass the SET/ NET/ GATE examinations. Hence I hope, the objectives of the workshop are achieved at some extent.

Recommendations

1. Workshop should be organized in future of same type, so that students, young researchers will refresh their knowledge.
2. Long duration workshop should be arranged.
3. More lectures should be arranged on all topics.
4. Mathematics should be made easy rather than being treated as a difficult subject.
5. Workshop on SET/NET paper I should be arranged.

३. प्रजावणी दि. १५ फेब्रुवारी २०२३

सायन्स कॉलेजमध्ये गणित विभागातर्फे कार्यशाळा संपन्न

नांदेड, दि. १४ : येथील सायन्स कॉलेजमध्ये दि. ६ ते ११ फेब्रुवारी दरम्यान गणित विभागातर्फे नेट/सेट/गेट परीक्षेच्या तयारीसाठी कार्यशाळा घेण्यात आली.

या कार्यशाळेत गणित विषयात नेट/सेट परीक्षा कशाप्रकारे घेतली जाते, कोणत्या प्रकारचे प्रश्न विचारात व ते कसे सोडवायचे, याचे कौशल्य परीक्षार्थींमध्ये रूजवण्यात आले. या वर्क शॉपमध्ये अनेक विद्यापीठातील नामवंत प्राध्यापकांचे मार्गदर्शन लाभले. उदघाटन समारंभाला स्वा. रा. ती. म. विद्यापीठातील डॉ. डी. डी. पवार व विद्यापीठ व्यवस्थापन समितीचे सदस्य डॉ. एस. एम. जोगदंड हे प्रमुख पाहुणे म्हणून उपस्थित होते.

कार्यक्रमाचे उद्घाटक व अध्यक्ष डॉ. व्यंकटेश कावडे हे होते. अध्यक्षीय समारोपात डॉ. कावडे यांनी गणितातील प्रश्न सोडवण्याचे कौशल्य कळले तर गणितातील सौंदर्याची कल्पना आपल्याला लक्षात येते व आपण कुठे प्रश्न सोडवण्यात गडून जातो असे म्हटले. या कार्यशाळेत डॉ. सचिन बल्लाळ (हैद्राबाद विद्यापीठ), डॉ. अमोल खंडागळे (डॉ. बा. आं.म. विद्यापीठ, औरंगाबाद), डॉ. श्रीजमोहन दायगा (लातूर), डॉ. ज्योती माशाळे (सोलापूर विद्यापीठ), डॉ. रूपाली जैन (नांदेड विद्यापीठ), डॉ. नितीन दारकुंडे (नांदेड विद्यापीठ), प्रा. संदीप कामे (गोंडवाना विद्यापीठ), प्रा. राहुल मापारी (अमरावती), डॉ. अशोक मस्के इत्यादी नामांकित तज्ञ प्राध्यापकांनी मार्गदर्शन केले.

समारोपीय डॉ. नितीन दारकुंडे यांनी मार्गदर्शन केले. या कार्यशाळेचा पुरेपुर उपयोग विद्यार्थ्यांनी घेतला. नेट/सेट परीक्षेत मोठ्या संख्येने उत्तीर्ण होणे ही गणित विभागाची परंपरा आहे. त्यादृष्टीने या कार्यशाळेला विशेष महत्त्व आहे. प्रा. पाहुण्यांनी नेट/सेट परीक्षेची आढावा घेतला व मुद्दे शुभेच्छा दिल्या.

कार्यशाळेचे प्रास्ताविक प्रशांत सुतकर यांनी केले. सूत्रसंचालन प्रा. पी. अ. कुलकर्णी यांनी केले तर आप्पार के. आर. गायकवाड यांनी या कार्यशाळा यशस्वी करण्यास आर्गनाईझिंग सेक्रेटरी प्रा. पी. १ सुतकर यांनी परिश्रम घेतले.

Report

Maharashtra State Higher and Technical Education Department and Maharashtra Information Technology Support Center have been conducting 'Career Katta Programme'. Under this programme coordinator of Maharashtra state, Mr. Yashwant Shitole guided students on 18/10/2022 in one day seminar on career guidance. He addressed students of B.Sc. final year and M.Sc. 1st and 2nd year students. In his guidance he told students to select career options at the earliest stages of their lives and always be ready with plan "B" for career option so that they can overcome future frustration and failure. He explained the aims and objectives of "career katta". Career katta helps students to establish their own startups; the incubation centers are helping students for the establishment of startups. He also gave information about their activity "IAS at your door step" in this students get opportunity to meet successful IAS officers and they can their guidance. He appeals students to participate in Career Katta Programme.

Chapte1

In order to evaluate the quality of a design representation, we must establish technical criteria for good design. Later in this chapter, we discuss design quality criteria in more detail. For the time being, we present the following guidelines:

1. A design should exhibit an architectural structure that (1) has been created using recognizable design patterns,
- (2) is composed of components that exhibit good design characteristics (these are discussed later in this chapter), and
- (3) can be implemented in an evolutionary fashion, thereby facilitating implementation and testing.

2. A design should be modular; that is, the software should be logically partitioned into elements that perform specific functions and subfunctions.
3. A design should contain distinct representations of data, architecture, interfaces, and components (modules).

Participants (43):

- Akshay Chavan
- Anand Mule

in this chapter), and

- (3) can be implemented in an evolutionary fashion, thereby facilitating implementation and testing.
2. A design should be modular; that is, the software should be logically partitioned into elements that perform specific functions and subfunctions.
3. A design should contain distinct representations of data, architecture, interfaces, and components (modules).
4. A design should lead to data structures that are appropriate for the objects to be implemented and are drawn from recognizable data patterns.
5. A design should lead to components that exhibit independent functional characteristics.
6. A design should lead to interfaces that reduce the complexity of connections between modules and with the external environment.
7. A design should be derived using a repeatable method that is driven by information obtained during software requirements analysis.

These criteria are not achieved by chance. The software design process encourages good design through the application of fundamental design principles, systematic methodology, and thorough review.

RESEARCH REPORT MEANING

- Research reports are recorded data prepared by researchers or statisticians after analyzing information gathered by conducting organized research, typically in the form of surveys or qualitative methods.
- Research report is the systematic, articulate, and orderly presentation of research work in a written form.
- Research report is a research document that contains basic aspects of the research project.

What is Qualitative Data?

- ▶ Qualitative data is used to understand human behavior from informants perspective.
- ▶ Its non-numeric and descriptive data.
- ▶ Qualitative research involves collecting and analyzing non-numerical data (e.g., text, video, or audio) to understand concepts, opinions, or experiences. It can be used to gather in-depth insights into a problem or generate new ideas for research.
- ▶ Qualitative data is information that cannot be counted, measured or easily expressed using numbers.
- ▶ Qualitative data is also called categorical data since this data can be grouped according to categories.
- ▶ It refers to the words or labels used to describe certain characteristics or traits.

Importance of qualitative data

- ▶ Qualitative data is important in determining the particular frequency of traits or characteristics.
- ▶ It allows the statistician or the researchers to form parameters through which larger data sets can be observed.
- ▶ **Qualitative data is about the emotions or perceptions of people, and what they feel.**
- ▶ In quantitative data, these perceptions and emotions are documented.
- ▶ It helps market researchers understand their consumers' language and deal with the research problem effectively and efficiently.

Why is Qualitative Research important?

- ▶ Qualitative data looks at how and why of human decision making
- ▶ It looks phenomenon in naturally and does not manipulate variables.
- ▶ The data is used to develop concepts and theories that help us understand the social world
- ▶ Qualitative data can be used in various ways depending on the discipline.

What is Glaucoma?

Glaucoma is a heterogeneous group of optic neuropathies characterized by cupping of the optic disc resulting in optic nerve degeneration, death of retinal ganglion cells leading to irreversible blindness.

Glaucoma burden: 70.6 million (2020) expected to arise to 111.8 million (2040)

Cup/Disc Ratio

Normal: 0.3 cd
Glaucoma: 0.8 cd

Progression of Glaucoma

Normal optic nerve | Early glaucoma | Advanced glaucoma

Progression of Tunnel Vision

Marals et al., 2017 | Zhang et al., 2009

1) Duplicate Publication

When you publish a new paper similar to a published paper by another author or yours without acknowledging the source and without getting the permission of the original author, it is called a duplicate publication. Even if you change the title or the abstract, the data and the results remain the same.

3) Redundant Publication

- Publication of a paper that substantially overlaps with an already published article
- Unethical
- Wastes time of peer-reviewers and editors
- Wastes resources and Journal pages
- Leads to flawed meta analysis
- Distorts Academic reward system
- Infringes on copyright
- Inflates scientific literature for no benefit other than to author

Correlational research

*3 Types of Correlational research is there

1. Positive Correlational Research

research method involve 2 variables that are statistically corresponding where an increase or decrease in 1 variable creates a like change in the other.

Example - when an increase in workers' remuneration results in an increase in the prices of goods and services and vice versa.

The slide also includes a small portrait of the presenter and a 'Click to add note' button. CITATION DATABASES

- Citation databases compile the citations in the reference lists (bibliographies) of scholarly publications. Citation database records also include bibliographic content that identify a publication: article title, journal name, author, abstract, etc.

WHY USE A CITATION DATABASE?

- Citation databases enable you to find newer papers that reference a paper or author you already know about. You might want to do this in order to:
- find more papers on a topic
- trace how an idea has been confirmed, applied, extended or corrected in later publications
- see which other researchers are citing your work or the work of your labmates
- find citation numbers and metrics to report on job or grant applications, evaluations, etc.

MAJOR DATABASES

- Three major databases allow interdisciplinary citation searching: Web of Science (WoS), Scopus, and Google Scholar.
- Some other databases, such as SciFinder Scholar (chemistry), PsycInfo and PubMed, allow citation searching of smaller sets of journals and/or journals focused on specific disciplines.

SIMILARITIES AND DIFFERENCES

OVERLAP	Web of Science	Scopus	Google Scholar
Comments	WoS also includes over 30,000 books and conference proceedings for a large but unspecified number of conferences.	Scopus also includes metadata for over 16,000 books and cross-searches 25.2 million patents from five patent offices (US Patent & Trademark Office, European Patent Office, Japan Patent Office, World Intellectual Property Organization and the UK Intellectual Property Office)	The Google Scholar about page indicates it indexes, "journal and conference papers, theses and dissertations, academic books, preprints, abstracts, technical reports, court opinions, patents, and other scholarly literature from all broad areas of research." The End of Botany

Jorge V. Crisci,^{1*}
Loren Katsnelson,¹
María J. Apodaca,¹ and
Petr C. Hoch²

Biologists unable to recognize common plants, and a decline in botany students, faculty, courses, university departments, and herbaria, highlight the current erosion of botany. How did we reach this crisis, knowing that plants form the basis for life? What are the causes? What can we do to reverse it?

Trends in Pl. Sc. 25: 12 (2020)

CHALLENGES

- A. Scientific Reductionism
- B. Natural History Collections in Jeopardy
- C. Market Logic Applied to Science
- D. Language as a Constructor of Reality: "Taxonomy is a scientific discipline that requires description, but also theoretical, empirical, and epistemological rigor, a hypothesis driven approach, and field and lab expertise".
- E. Turning Thoughts into Action

WAY FORWARD

THE BOTANY BILL: 6th March 2019
to promote botanical research and science capacity.

*.....Urgent action is required because it is projected that, within the next decade, the USA will lose (through attrition (such as retirement without replacement) almost half of its experts in botany, and specifically those who know and can identify plants, which will generate direct and indirect biodiversity costs and economic consequences."

THE INDIAN SCENARIO

CHALLENGES

- Training:
 - Too much emphasis is placed on the detailed life histories of selected representative plants, and less on the issues of environmental relevance
 - Less exposure to fieldwork
 - Less exposure to the advance tools & techniques
- Funding: Less funding for taxonomy research
- Permits: Stringent Biodiversity Laws even for the Govt. funded Projects
- Collaborations: International collaborations are hindered due to stringent biodiversity regulations

WAY FORWARD

• **NET** Programme for Encouraging Expertise in Taxonomy

• **'SERB'**

• **100** Elementary Biodiversity Inventories

• **'National Biodiversity Mission'**

Valedictory Function

Course Work Report by Dr. V. R. Marathe

- Good afternoon to all..... I am Dr. Vishal Marathe, Associate Professor in Botany and Coordinator of Ph. D. Course work.... I am here to give brief Summary about the Pre-Ph. D. Course work organized by Research Committee, NES Science College, Nanded.
- President of today's Valedictory function..... and Convener of Course work, Respected Dr. D. U. Gawai sir, Principal, Science college Nanded
- Chief Guest of Today's program and my dear friend Dr. Ritesh Choudhary, Scientist E, Biodiversity and Paleobotany Division, Agharkar Research Institute, Pune.
- GC members of Nanded Education Society, College Development Committee members, All Head of the Departments, Faculty members, Joint coordinator Dr. Prita Borkar, Dr. Kiran Shillewar and Dr. Kishor Gawkwad, All the Research Guides, Faculty members and all dear participants.
- I wholeheartedly WEL-COME you all for "Valedictory Function of 21 days Ph. D. Course Work" organized by Research Committee, N. E. S. Science College, Nanded.

Course work is mandatory for all the Research Scholars admitted in Ph.D. Programme. It is important to enable the student to understand work methods and concepts related to Research. All research scholars admitted to the Ph.D. programme are required to complete the coursework prescribed by the university before the registration of Ph. D. degree. According to revised guidelines of SRTM University, Nanded from August, 2021, Ph. D. Course work syllabus includes 05 papers covering 16 credits. Out of these 09 credits related to internal evaluation and on the 07 credits university is conducting theory exam for 03 papers i. e. 1) **Research Methodology**, 2) **Computer Application** and 3) **Research and Publication Ethics**.

The main objective of the organisation of this course work was to complete the syllabus of 07 credits related to theory papers and prepared our students for the final exam so that after passing the exam they will be eligible for getting admission in Ph. D. program.

Research Committee of our Science College, Nanded has conducted 21 days Pre-Ph. D. course work for the research students during 20th March to 13th April, 2023. I am very happy to share the information that we have total **46 Participants** from **05 different subjects** of our research Centre allocated under 24 research guides, including **01 international student**.

Course work has started with Inaugural function conducted on **20th March, 2023**. Dr. V. R. Marathe Coordinator of Course work has given brief introduction about the course work. Dr. D. U. Gawai sir, Principal has introduced our college to the guest and participants. As a resource person Dr. L. M. Waghmare, Dean Faculty of Science & Technology, SRTM University, Nanded guided

the process of Ph. D. research and delivered guest lecture on importance of research in Science. Hon. Dr. Venkatesh Kabde sir, President, Nanded Education society has presided over the function.

During these **21 days**, we have organized **05 lectures per day** with more than 100 hours of actual teaching and learning for the completion of syllabus of three papers namely Research Methodology, Computer Application and Research Publication and ethics. We have tried our best to provide distinguished faculty members to deliver guest lectures on the relevant topic. There are **27 faculty members and Scientists** who have contributed for the course work as guest speakers from **10 different institutes of Maharashtra, 01 from Karnataka and 02 guests from USA**. Along with that we have organized the lectures of best researchers, apart from syllabus to share their knowledge and experience and for the motivation of our students. Its my duty to mentioned their names.....

Even today, to provide impetus of knowledge to our students we have with us a distinguished guest speakers for valedictory function, **Dr. Riteshkumar Choudhary**, Scientist-E, Agharkar Research Institute, Pune to share his valuable knowledge and experience with our students.

We have also provided **assignments** for the practice to solve the exam questions and also conducted **Seminars** to improve the knowledge, stage daring and critical thinking of the students.

We have generated daily attendance report of the participants automatically through Zoom meeting app. We have also enabled **YouTube live streaming** for each guest lecture on our college **YouTube Channel** so that these lectures made available for the students in future also. We have collected **study material, PDFs, PPTs, Old question papers** from the resource persons and made it available to the research students through **Google Classroom** and **WhatsApp group**.

So, Overall, we have provided all the necessary things that are important for the benefit of students to prepare for the exam. We have completed almost 100% of syllabus. I think students have much more benefited through this course work and are ready for the course work exam.

All the member of research committee has tried their best to provide all the brain storming session to the participants. I hope you will be carrying new Ideas and perspectives..... but as every program having pros and cons similarly during these sessions if you find any lacunas in the organization of this course work, As a coordinator I take whole responsibility of inconvenience caused and express apologies for that and Assure you that, I will fulfil these gaps/ lacunas in future if get the chance.

As we all know that, this entire course work is conducted through Zoom Meeting App. Before starting this program, we were in fear of facing lots of problem regarding connectivity issues, electricity failure, etc. but we have managed to run entire program without major interruption with the technical expertise of **Mr. Ganesh Ghatole**.

I Feel gratitude as it is always possible to conduct such programs due to blessings and guidance of Resp. Hon. Dr. Venkateshji Kabde sir, Hon. Sow. Shymal Patki madam, Hon. C. A. Dr. Pravin Patil sir, Hon. Shri. Prafullakumar Agrawal sir.

- I am really grateful to all renowned guest speaker of entire program, who have contributed for the successful organization of this course work and also for their knowledgeable and informative lectures.
- Lastly, I would like to thank Principal Dr. D. U. Gawai sir for giving me opportunity to work as course coordinator for this Ph. D. Course work and providing all facilities for the organization of Program.

- I am also thankful to all the organizing team members specially Dr. Prita Borkar, Dr. K. S. Shillewar sir and Dr. K. R. Gaikwad sir for his support and all-time help.
- I am also thankful to all the participants for their participation and cooperation during the course work.

With these few words I take your leave..... Thank you very much.....

PREAMBLE:

Quantitative Aptitude is an important and crucial part of aptitude. It evaluates logical, numerical and analytical skills. By answering these questions, one might estimate problem-solving ability. Quantitative aptitude is the most important criterion for passing any competitive exam.

Quantitative aptitude skills are required for the majority of graduate-level competitive exam. The capacity to cope with numbers and solve issues is measured by quantitative aptitude. It is a requirement for passing the preliminary stages of a variety of exams, especially those related to engineering and management. The entire purpose of this aptitude is to look at the aspirants thought process as well as their analytical ability. Candidate must demonstrate a high level of logical reasoning in addition to their ability to solve numerical problems.

In most of the exam, aptitude test is conducted as a part of the written exam, which is usually the very first round of the selection procedure. Aptitude test basically involves mathematical questions. In these questions, speed of the candidate matters more than his/her knowledge. Aptitude paper is an essential part of almost all competitive exams. If you are going to appear for any competitive exam or for a job interview, you must start working on your aptitude skills.

In this contest, the Certificate Course in "Verbal and Non-Verbal Reasoning" will start in Department of Mathematics & Applied Mathematics.

OBJECTIVES OF THE CERTIFICATE COURSE:

1. To develop an interest among the students about competitive exams.
2. To enhance the mental ability of the students.
3. To prepare the students for Banking, railway and staff selection commission exams.
4. To prepare the students for MPSC and UPSC examinations.
5. To prepare the students for PET/SET/NET and other post graduate entrance exams.

COURSE OUTCOME:

- Student enables to understand the logic.
- Students will learn various techniques and methods of problem solving.
- Students will score better in various banking, railway, and staff selection commission exams.
- Student can identify strength and weakness in specific areas for better development.
- Students knowledge about verbal and non-verbal reasoning make them self sustainable after completing certificate course.

ORDINANCES FOR CERTIFICATE COURSE:

The Certificate Course in **Verbal and Non-Verbal Reasoning** will be covered under following ordinances.

1. Number of Students per batch are 20.
2. The admission shall be opened to any candidate who has passed 10+2 examination with at least 50% marks in aggregate.

COURSE STRUCTURE

Subject: **MATHEMATICS**

Title of Course: **VERBAL AND NON-VERBAL REASONING**

Marks - 100

Hours - 45

Duration: 3 Months

Syllabus of the course

UNIT – I General Mental Ability

- 1) **Series Completion**- Number series, Alphabet series, Alpha-numeric series, Continuous pattern series.
- 2) **Analogy**- Common relationships, completing the analogous pair, simple analogy, choosing the analogous pair, double analogy, choosing similar word.
- 3) **Classification** – choose the odd word, choose the odd pair of words, choose the odd numerical, choosing the odd numerical pair, choosing the odd letter group.
- 4) **Coding**- Decoding – letter coding, direct letter coding, number/symbol coding, matrix coding, deciphering number and symbol codes for messages.
- 5) **Blood Relations** – deciphering jumbled up descriptions, relation puzzle.
- 6) **Direction Sense Test** – classification type questions,
- 7) **Logical Venn Diagrams**

UNIT – II Logical Deduction

- 1) **Logic** – logical reasoning, logical deduction, two- premise arguments.
- 2) **Statement-Arguments**
- 2) **Statement- Assumptions**

3) Statement- Course of Action

UNIT-III Non-Verbal Reasoning

- 1) **Series** – five figure series, three and four figure series. Choosing the missing figure in a series.
- 2) **Analogy** – choosing one element of a similar related pair, choosing the set of similar related figures.
- 3) **Classification** – choosing odd figure, choosing a similar figure.
- 4) **Analytical reasoning**

Problems and Solutions

- 1) Problem solving on series completion
- 2) Problem solving on Analogy
- 3) Problem solving on Classification
- 4) Problem solving on Coding- Decoding
- 5) Problem solving on Blood Relations
- 6) Problem solving on Direction Sense Test
- 7) Problem solving on Logical Venn Diagrams
- 8) Problem solving on Logic
- 9) Problem solving on Statement-Arguments
- 10) Problem solving on Statement- Assumptions
- 11) Problem solving on Statement- Course of Action

Modality of Assessment

Theory – 100 Marks

Practical – 00 Marks

Duration – The Examination shall be of 2 hours duration.

Theory question paper pattern

- 1) There are 50 multiple choice questions
- 2) All questions are compulsory.
- 3) Terms for Practical/theory Examination

Programme of the course

- 1) The candidate require to attend 75% lectures/ periods
- 2) The Candidate must obtain 40% of the total marks in theory.
- 3) English language is the Medium of Instructions/ Examination

Eligibility

12th pass student from any discipline with 50% marks.

Report

Certificate course in Verbal and Non-Verbal Reasoning 2022-23

Certificate course in Verbal and Non-Verbal Reasoning is conducted by Department of Mathematics and Applied Mathematics during the academic year 2022-23. Twenty one students were enrolled for the course. The Course was started in the month of January and was concluded in the month of March 2023. Lectures were arranged in the department of Mathematics and Applied Mathematics. The mode of teaching was in the form of black board teaching, PPT presentation, videos with hands on experience. Mr P. S. Sutkar worked as Coordinator and in charge head of the department during the course. Every activity is guided and organized in consultation with Principal of the college Dr. D. U. Gawai.

Detailed Report on Career Guidance in the Indian Police System by Dr. P.S. Pasaricha

Introduction

On July 11, 2023, NES Science College, Nanded, in collaboration with Shri Naunihalsingh Jahagirdar, President of Navjyot Foundation, Nanded, organized a highly impactful seminar on career guidance with a focus on the Indian Police System. The event, held at the Puranmalji Lahoti Auditorium, featured an enlightening talk by Hon. Dr. P.S. Pasaricha, Ex-Director General of Police, Maharashtra State. The seminar received an overwhelming response, drawing a large audience eager to gain insights into the challenges, opportunities, and preparation strategies for a career in the police force.

Event Details

Welcome and Introduction

The seminar began with a welcome address by the organizers, who highlighted the significance of career guidance in the Indian Police System, especially for aspiring young students. The introduction underscored the relevance of understanding the career paths, challenges, and opportunities within the police force.

Speaker's Profile

Hon. Dr. P.S. Pasaricha, a distinguished figure in the field of law enforcement, served as the Director General of Police for Maharashtra State. With a decorated career and extensive experience in various facets of policing, Dr. Pasaricha brought a wealth of knowledge and insights to the seminar, making him an ideal speaker for the event.

Keynote Address by Dr. P.S. Pasaricha

Dr. Pasaricha's talk covered several critical areas:

1. Overview of the Indian Police System:

- Dr. Pasaricha provided an in-depth overview of the structure and functions of the Indian Police System. He explained the various ranks

and roles within the police force, from constables to higher-ranking officers.

- He highlighted the responsibilities of the police in maintaining law and order, preventing and investigating crimes, and ensuring public safety.

2. Challenges in the Police Force:

- Dr. Pasaricha discussed the numerous challenges faced by police personnel, including long working hours, high-stress situations, and the need to make quick decisions in critical moments.
- He addressed issues such as dealing with public perception, managing political pressures, and the risks associated with law enforcement duties.

3. Opportunities in the Police Force:

- Despite the challenges, Dr. Pasaricha emphasized the rewarding aspects of a career in the police. He spoke about the opportunities for personal and professional growth, the sense of duty and service to the community, and the potential for advancement within the ranks.
- He also highlighted specialized units and roles within the police force, such as cybercrime, forensics, and intelligence, which offer diverse career paths.

4. Steps for Preparation:

- Dr. Pasaricha outlined the steps required to enter the police force, focusing on the eligibility criteria, educational qualifications, and the selection process.
- He explained the stages of the selection process, including the written examination, physical tests, medical examination, and personal interview.

5. Importance of Mental and Physical Strength:

- Emphasizing the need for both mental and physical strength, Dr. Pasaricha discussed the rigorous training and fitness standards required for police personnel.
- He provided tips on maintaining physical fitness through regular exercise and a healthy diet and stressed the importance of mental resilience and stress management techniques.

6. Strategy for Examination Preparation:

- Dr. Pasaricha shared effective strategies for preparing for the police recruitment exams. He advised students to thoroughly understand the

exam syllabus and pattern, practice regularly with mock tests, and focus on time management.

- He also recommended studying from standard books and resources, staying updated with current affairs, and seeking guidance from mentors and coaching centers if necessary.

Interactive Session

The seminar included an interactive session where attendees had the opportunity to ask Dr. Pasaricha questions. The queries ranged from specific details about the recruitment process to broader questions about career progression and work-life balance in the police force. Dr. Pasaricha provided detailed and thoughtful responses, offering practical advice and encouragement.

Conclusion

The program concluded with a vote of thanks, expressing gratitude to Dr. P.S. Pasaricha for his valuable insights and motivational guidance. The organizing team also thanked Shri Naunihalsingh Jahagirdar, NES Science College, and the enthusiastic participants for making the event a success.

Attendance and Impact

The seminar saw a large turnout, with students and faculty members from NES Science College and other institutions attending in significant numbers. The positive feedback from the attendees highlighted the event's success, with many participants expressing that they felt better equipped and motivated to pursue a career in the police force.

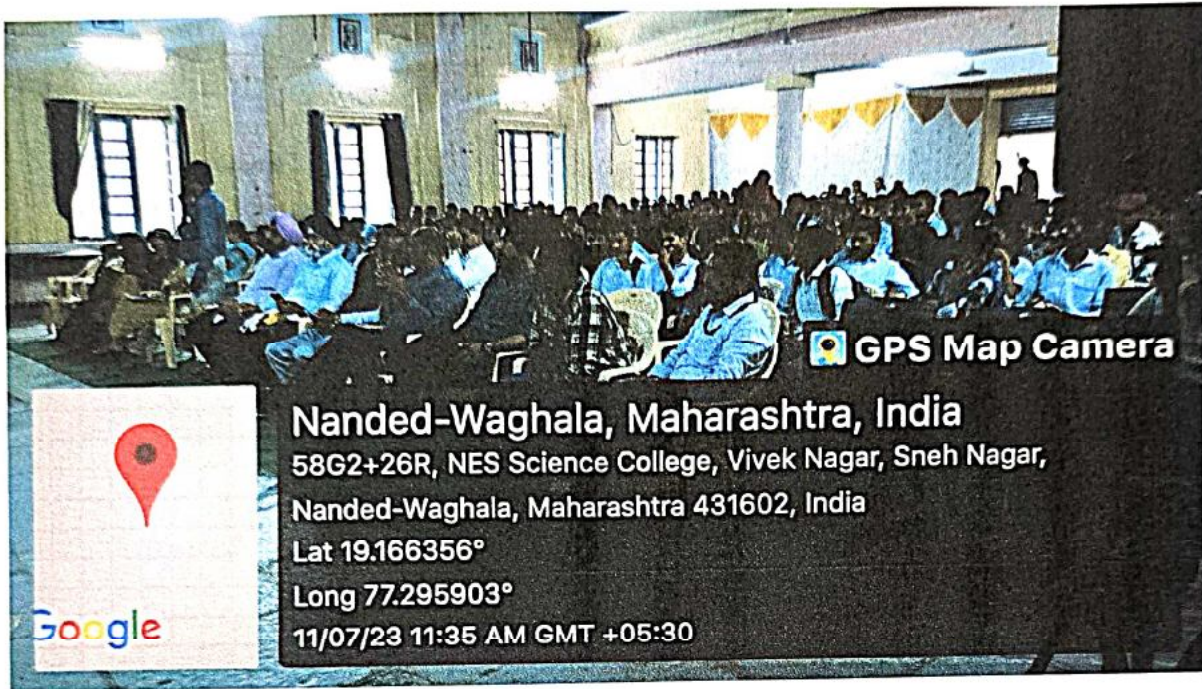

Feedback

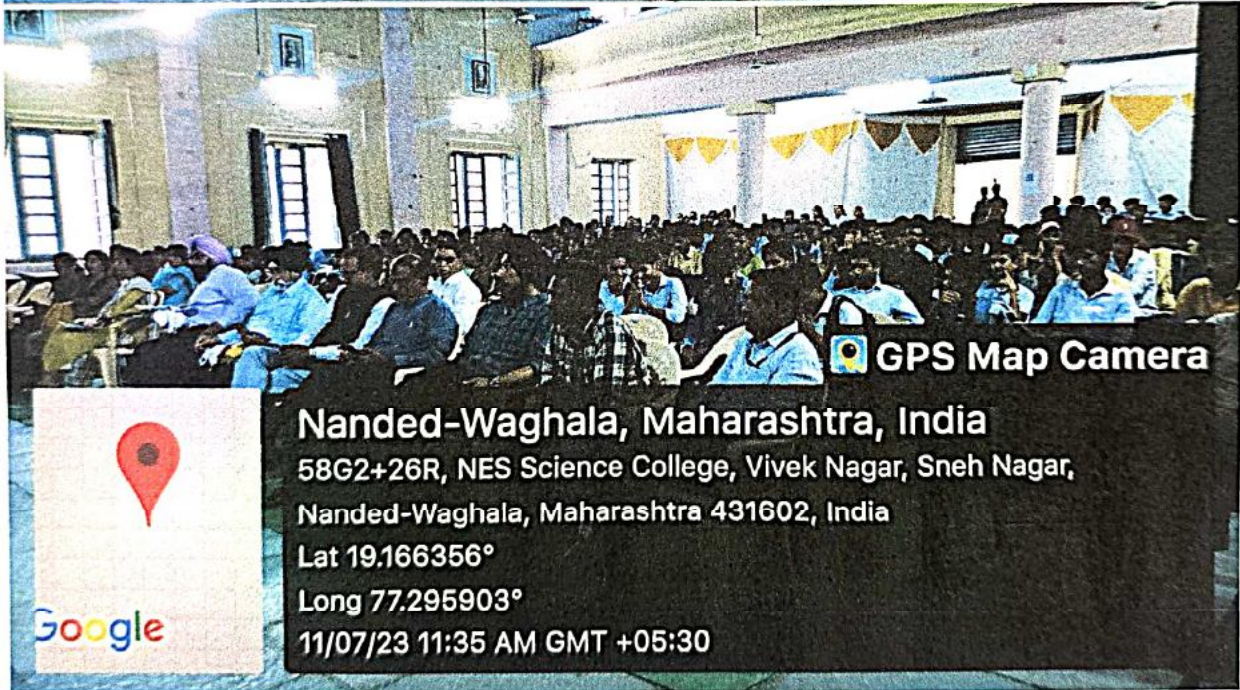

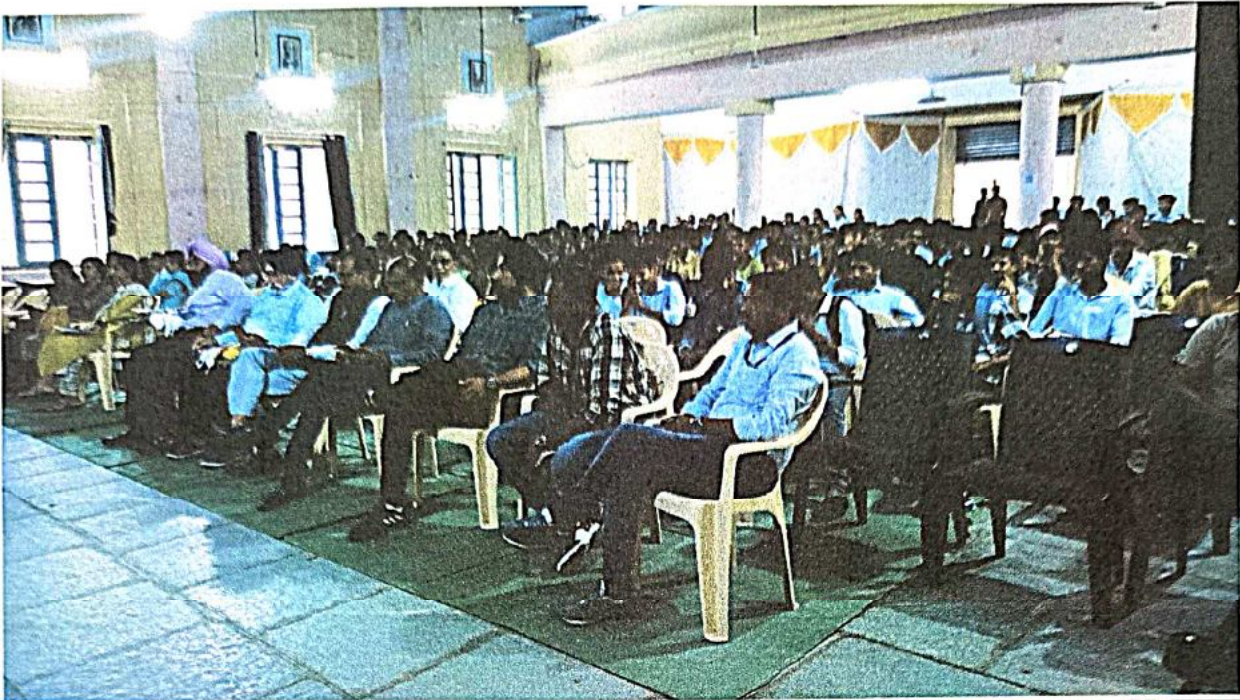

Attendees appreciated the comprehensive coverage of topics and the practical advice provided by Dr. Pasaricha. Many highlighted the importance of such seminars in providing clarity and direction for their career aspirations. The interactive session, in particular, was praised for its engaging and informative nature.

In conclusion, the career guidance session by Hon. Dr. P.S. Pasaricha at the ART 2023 Exhibition was a resounding success. It provided crucial information and

inspiration to the students of NES Science College, Nanded, helping them navigate the path towards a fulfilling career in the Indian Police System with confidence and determination.

'One Day Seminar on 'Preparation of Competitive Examinations & Career Guidance for Science Students'

Prof. Ashvinkumar Kshirsagar's Speech

IQAC and Career Guidance and Placement Cell, Science College have organized 'One Day Seminar on "Preparation of Competitive Examinations & Career Guidance for Science Students"' on D. 30/12/21. The aim of the seminar was to give knowledge about competitive examinations. The eminent speaker Prof. Ashvinkumar Kshirsagar was invited to guide students on the topic '**Preparation of Competitive Examinations & Career Guidance for Science Students**'. He focused on the preparation for I and II question paper of MPSC (Maharashtra Public Service Commission). He mainly explained nature of question papers and discussed the Science, Decision Making, Marathi AND English parts in the question paper with examples. It has been an interactive session. The students curiously attended the session and asked their doubts during the presentation.

Principal Dr. D. U. Gawai addressed the students on this occasion to motivate them. He told the students to do hard work and smart planning for the success in competitive examination. Dr. D. D. Pawar, Vice- Principal of the college was invited as the honorable guest for the one day seminar. Dr. D. R. Munde, convener of the Career Guidance and Placement Cell has explained the aims and objectives of the seminar. He guided the students and gave the awareness of how to utilize the facilities available in Career Guidance and Placement Cell.

Program was anchored by Dr. Mrs. Vibhati V. Kulkarni, IQAC Coordinator, Science College, Nanded. Dr. D. R. Munde proposed vote of thanks. Total 55 students attended the seminar. Feedback analysis is done, and all the aims and objectives are fulfilled.

Topic: "Intellectual Property Right: An Overview"

About Seminar

In the changing situations, Higher Education Systems are expected to find out the intellectual and innovative ideas from the students and transform these ideas into startups. In this regard, the matters of Intellectual Property Rights are necessary to be known, so awareness about it among the students, researchers, faculty members is required. Taking into consideration these needs, Nanded Education Society's Science College, Nanded is organizing this seminar.

Objectives of Seminar:

1. To provide basic & valuable information about IPRs.
2. To know how to stimulate the innovation ecosystem with the help of IPRs.
3. To acquire the information about the career opportunities in IPRs.
4. To understand how to incorporate an organization's intellectual property into start-ups and incubation centers.

Target Group:

Academicians, Research scholars & PG Students.

*No registration fees.

*Participants will get zoom meeting link in Telegram group.

*E-certificates will be given to the registered participants.

Introduction of the Seminar:

Intellectual Property Right (IPR) refers to the legal rights given to the inventor or creator to protect his invention or creation for a certain period of time. IPR is a strong tool, to protect investments, time, money, effort invested by the inventor/creator of an Intellectual Property. Thus IPR, in this way, supports the economic development of a country by promoting healthy competition and encouraging industrial development and economic growth.

From dawn to dusk i. e. from Morning to Evening, we come across intellectual properties. The items have a very wide range and are related to food, shelter and clothing; things of survival, comfort and pleasure. We deal with these assets, including waking up from a Godrej Interio bed, using a supportive Sleepwell mattress and pillows, getting a cup of Taj Mahal Tea, to wearing a Nike tracksuit and shoes for a morning walk. A Parle Bread or Mother Dairy Milk at tea, or a cup of Nescafe, driving to the office in a Tata or Maruti car. In the evening, watching Sony Television and setting the alarm to wake up in the morning on Titan watch, we are using the items which are somebody's intellectual properties.

These properties are protected by a copyright or a right to copying or a trade mark. As the life of a common man is very closely connected with papers and goods that are under human property protected by laws. Without the owner's consent, the copying, alteration, and illegal duplication of these objects which constitute a serious offence. Therefore, for us, knowledge of intellectual property rights is needed. In the modern era, Intellectual property rights play a significant role in the trade of every nation. So, there are many more career opportunities in this sector.

Though it is a very important topic, still we don't know much about it. When we think about Intellectual Property, the only thing comes into our mind is Patent... but apart from this it includes Copyrights, Patents, Trademarks, and Trade Secrets.

So, by keeping these things in mind this seminar was organised by IQAC, NES Science College, Nanded.

Objectives:

- The main aim or **objective** behind the organization of this seminar is.....
 1. To provide basic & valuable information about IPRs.
 2. To know how to stimulate the innovation ecosystem with the help of IPRs.
 3. To acquire the information about the career opportunities in IPRs.
 4. To understand how to incorporate an organization's intellectual property into start-ups and incubation centers.

Inaugural Function:

The One Day National Seminar on "Career Opportunities in IPR " was organized on dated 11/09/2021 at 09.10 am by IQAC, NES Science college, Nanded through Zoom online meeting platform. Chief Inaugurator and President for this program was Hon. Dr. CA Pravin Patil, Vice President Nanded Education Society, Nanded. Along with him, Dr. D. U. Gawai, Principal, NES Science college, Nanded; Chief guest Dr. Jayashree Bangali, Pune and Dr. M. N. Bheemesh, Bangalore and more than 200 participants from all over India were joined either through Zoom meeting app or YouTube live streaming mode for this National Seminar on Career opportunities on IPR.

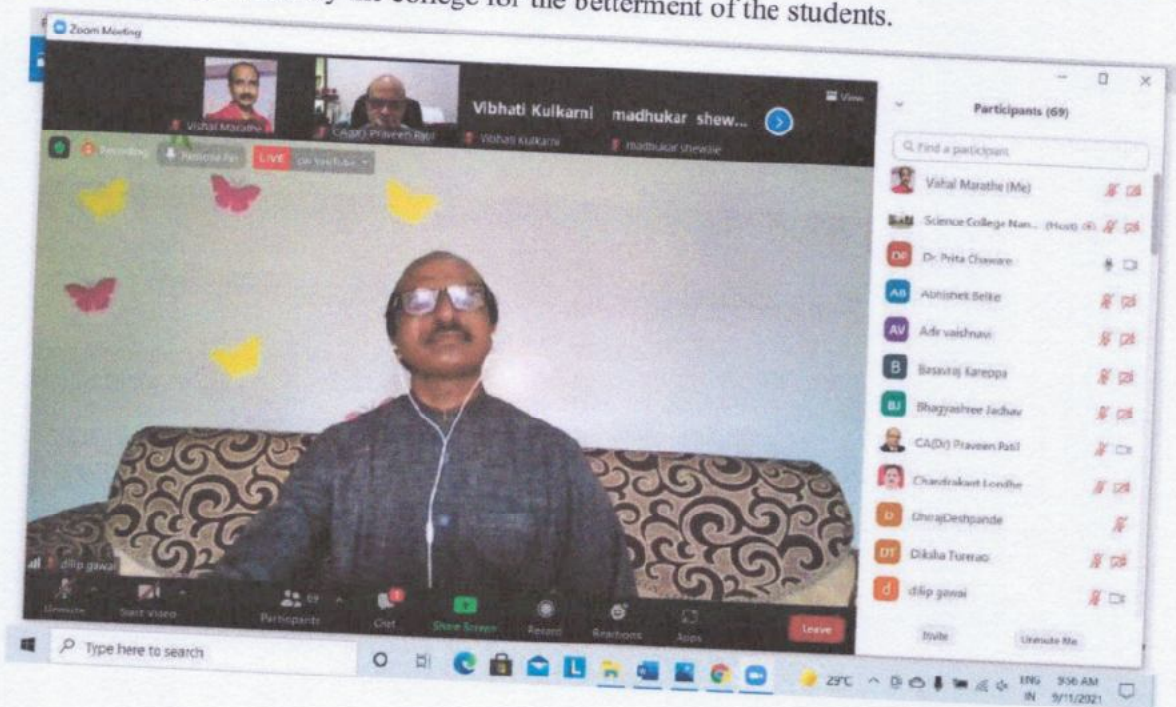

The Program was started with the virtual welcome of the guests. The anchoring of the program was done by Dr. V. V. Kulkarni, IQAC Coordinator, NES Science College, Nanded.

The brief introduction and objective of the organization of this seminar was given by Dr. V. R. Marathe, Organizing Secretary. He has focused on the need of organization of such type of seminars on IPR.

After this Dr. D. U. Gawai, Principal, NES Science College, Nanded delivered his welcome speech in which he has welcome all the participants and was given the detailed information about the college. He has made aware the participants about all the achievements and facilities provided by the college for the betterment of the students.

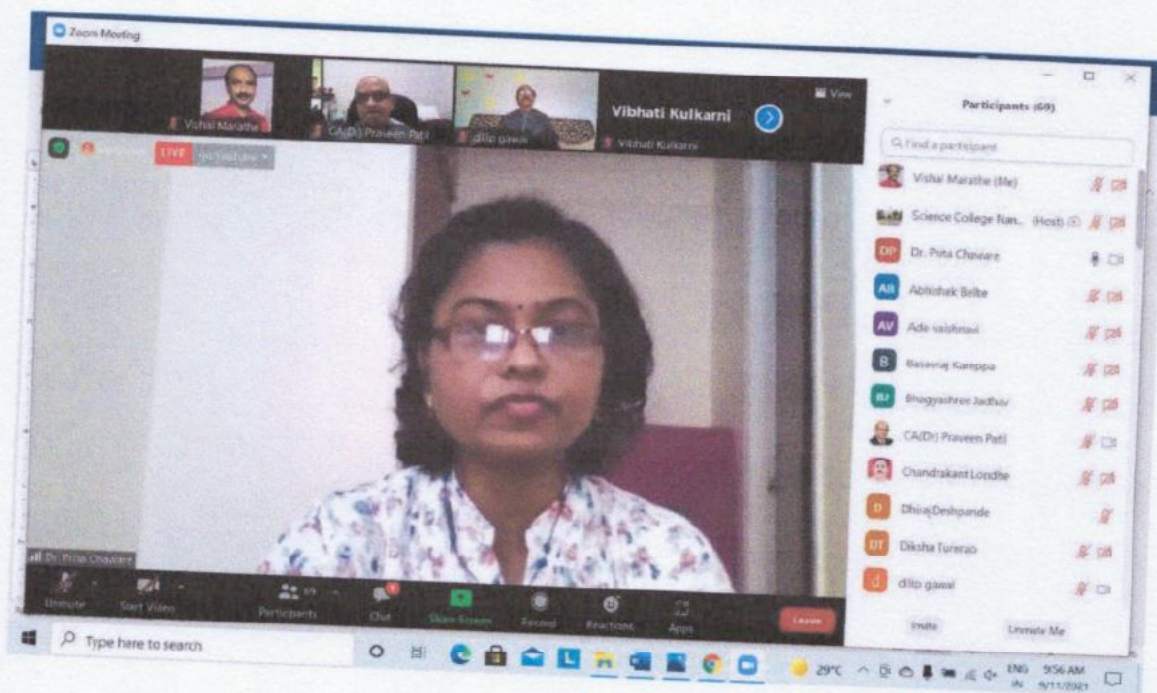

The Presidential address was given by Hon. CA Dr. Pravin Patil, Vice-President, Nanded Education Society, Nanded

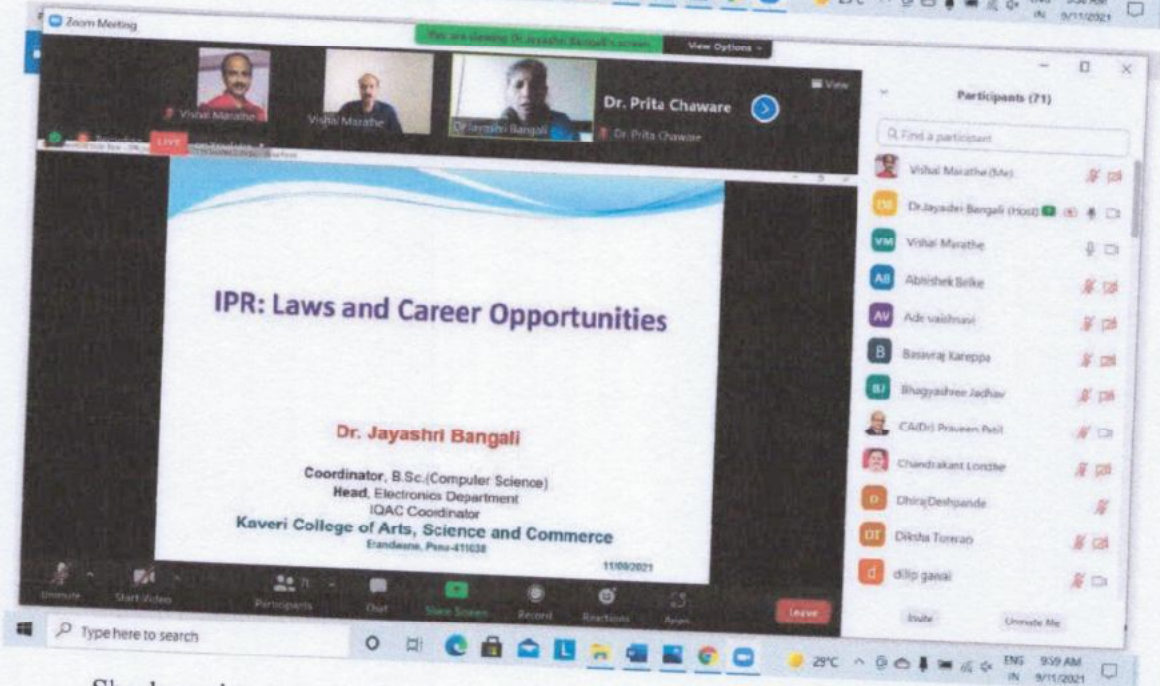

Technical Session-I:

Technical session was starts with the introduction of the guest speakers. Introduction of the first speaker Dr. Jayashree Bangali was given by Dr. Mrs. Prita Borkar, Associate Professor in Agricultural Microbiology, NES Science College, Nanded

Guest Lecture-I: Dr. Jayashri Aniket Bangali, Head, Department of Electronics, Kaveri College of Arts, Science & Commerce, Pune

Topic: IPR: Laws and Career Opportunities

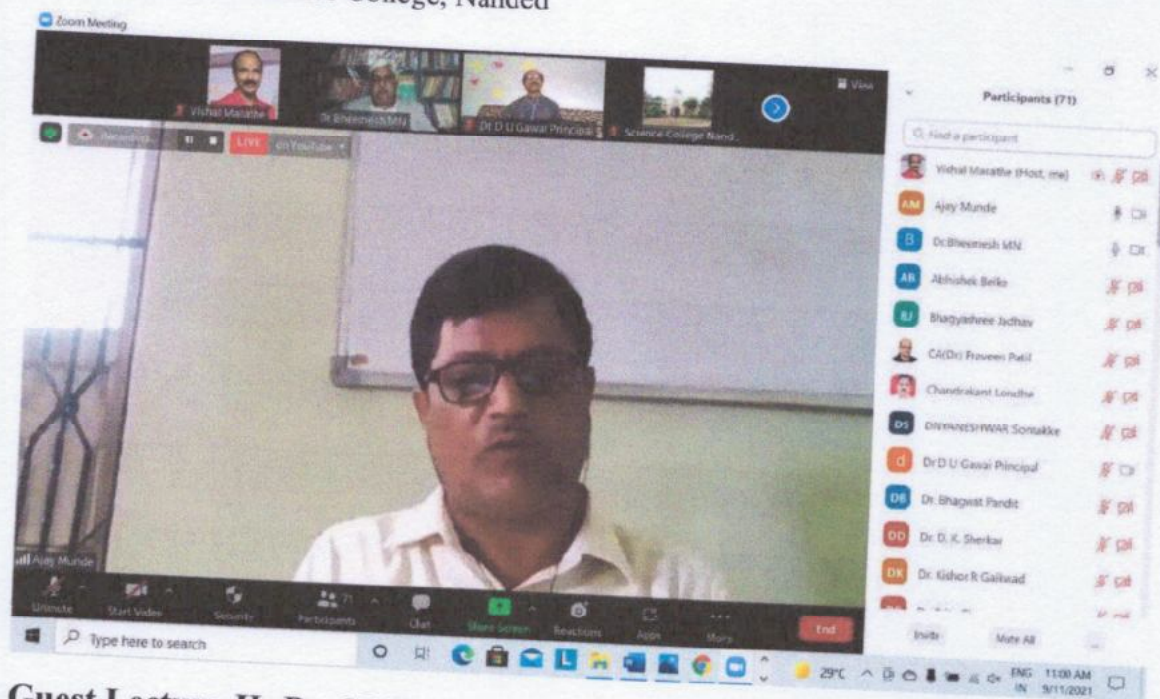

She has given an excellent resource talk which includes the basic aspects of IPR, Patents, Trademarks, copyright and trade secrets. She has also focused on different Patent laws, types of patent applications, procedure for getting grant of patent in India and Licencing of patent. The most important and excellent part of her lecture was career opportunities in IPR. She has enumerated number of career opportunities in private, corporate offices and R &

D sectors. She has also given information about IPR consultant, IPR agent and Patent attorney. This lecture was really important for the student participants.

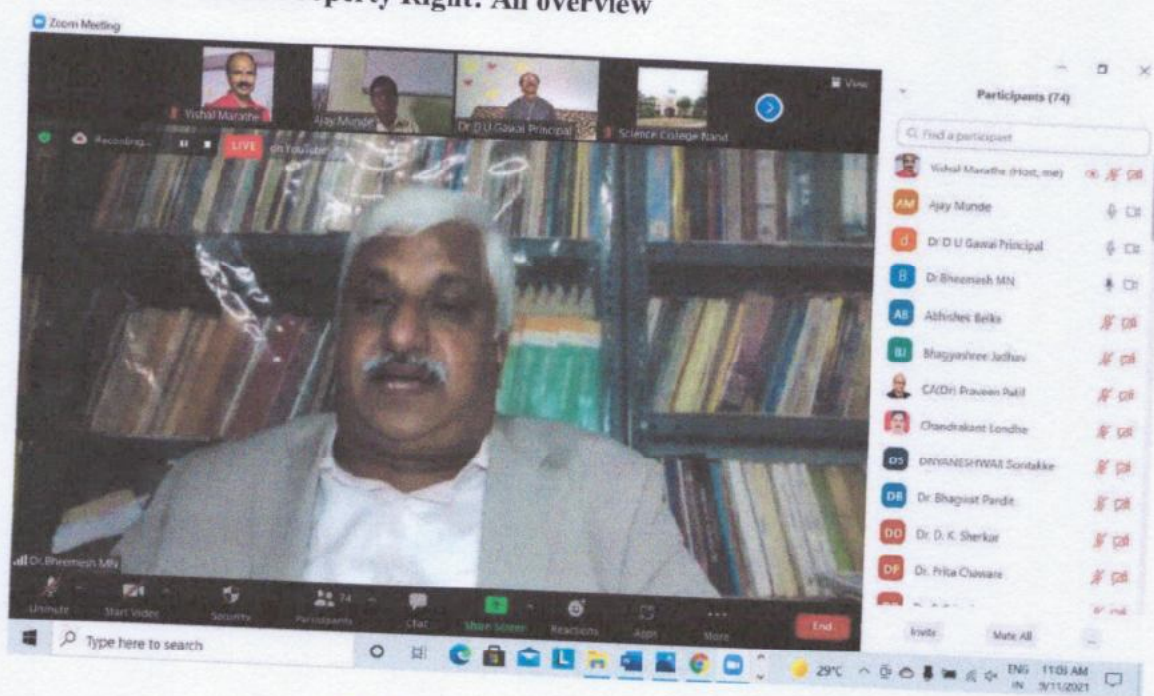

Technical Session-II:

Introduction of the speaker -Dr. M N Bheemesh was given by Dr. D. R. Munde, Professor in Chemistry, NES Science College, Nanded

Report on One Day Seminar: Career Opportunities in Physics

Date: 28 March 2022

Venue: NES Science College, Nanded

Organized By: Remedial Cell of NES Science College, Nanded in conjunction with the Department of Physics and Electronics, NES Science College, Nanded

Objective: The one-day seminar on "Career Opportunities in Physics" was organized with the main motto of enlightening students about the vast career prospects within the field of physics. The seminar aimed to highlight key concepts in physics, discuss various branches of the subject, and illustrate how these branches lead to diverse career pathways.

Program Details: The seminar commenced with Dr. D.U. Gawai, the Principal of NES Science College, presiding over the program. Dr. Arvind Sarode, Assistant Professor from the School of Physical Sciences, S.R.T.M. University, Nanded, graced the occasion as the chief guest and speaker. Mr. P.S. Sutkar, the organizer and convener of the Remedial Cell of the college, played a pivotal role in coordinating the event.

Event Highlights:

Inaugural Address: Dr. D.U. Gawai inaugurated the seminar and welcomed all participants. He emphasized the importance of exploring career opportunities in physics and encouraged students to make the most of the seminar.

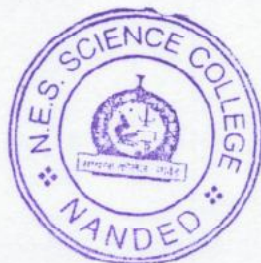

Keynote Speech by Dr. Arvind Sarode: Dr. Sarode delivered an insightful presentation, covering fundamental concepts in physics, highlighting various branches such as theoretical physics, experimental physics, astrophysics, and applied physics. He elaborated on how each branch opens up unique career pathways in academia, research, industry, and beyond.

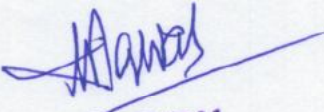

Interactive Session: Students from M.Sc. FY and SY actively participated in the seminar. They posed thought-provoking questions to Dr. Sarode, ranging from research prospects to job opportunities. Dr. Sarode provided detailed and informative answers, enriching the students' understanding of potential career trajectories in physics.

Felicitations: During the seminar, Dr. Gawai felicitated Dr. Sarode in recognition of his valuable contribution to the seminar. Mr. Sutkar, on behalf of the college, honored Dr. Gawai for his continued support and leadership.

Conclusion: The seminar on "Career Opportunities in Physics" proved to be highly enlightening and motivating for students aspiring to pursue physics as a career. Dr. Sarode's comprehensive overview of physics and its applications left a lasting impact on attendees, inspiring them to explore diverse paths within this dynamic field.

The collaborative efforts of Department of Physics and Electronics, NES Science College, Nanded, and the Remedial Cell underscored their commitment to fostering educational initiatives that empower students to make informed career choices in the realm of physics.

NET (National Eligible Test) examination is conducted twice every year, one in June and the other in December. The Council of Scientific & Industrial Research (CSIR) conducts joint CSIR UGC Test for Junior Research Fellowship and Eligibility for lectureship for candidates having master's degree in humanities. The candidates are having the opportunity for both Junior Research Fellowship (JRF) and lectureship or for the lectureship only.

NET is basically conducted all over the country. There is another examination which is conducted solely by the individual states and that examination is popularly known as SET (State Eligibility Test). The syllabus is same for NET & SET.

SCHEME OF EXAMINATION

The Test will consist of two papers. Both the papers will consist of only objective type questions

Session	Paper	Marks	Number of Questions	Duration
First	I	100	50 questions all are compulsory	1 Hour
Second	II	200	100 questions all are compulsory	2 Hour

Paper-I shall consist of 50 objective type compulsory questions each carrying 2 marks. The questions which will be of general nature, intended to assess the teaching/research aptitude of the candidate. It will primarily be designed to test reasoning ability, comprehension, divergent thinking and general awareness of the candidate.

Paper-II shall consist of 100 objective type compulsory questions each carrying 2 marks which will be based on the subject selected by the candidate.

All the questions of Paper – II will be compulsory, covering entire syllabi of earlier Paper II & Paper – III (including all electives, without options).

The candidate will have to mark the responses for questions of Paper – I & Paper – II

Objective of Workshop:

Report on Career Opportunities through Competitive Examinations

Introduction

A seminar on "Career Opportunities through Competitive Examinations" was held on August 9, 2019, at the Puranmalji Lahoti Auditorium, organized by the Career Guidance and Placement Cell of NES Science College, Nanded. The event was presided over by Principal Dr. D.U. Gawai and featured distinguished guests including Dr. Vibhati Kulkarni and Dr. D.R. Munde, the convener of the Career and Placement Cell. The keynote speaker was Mr. Dhananjay Akat, Director of Reliable Spardha Pariksha Kendra, Aurangabad.

Event Details

Welcome and Introduction

The seminar commenced with an introductory speech by Principal Dr. D.U. Gawai, who highlighted the importance of competitive examinations in shaping students' careers. Dr. Gawai emphasized the role of such events in providing students with the necessary guidance and motivation to excel in their chosen fields.

Keynote Address by Mr. Dhananjay Akat

Mr. Dhananjay Akat, a renowned expert in the field of competitive examinations, delivered an insightful and motivating speech. He provided a comprehensive overview of various competitive exams in India and Maharashtra, including but not limited to:

- **Civil Services Examination (UPSC)**
- **State Public Service Commissions (MPSC)**

- **Banking Exams (IBPS, SBI)**
- **Staff Selection Commission (SSC) Exams**
- **Railway Recruitment Board (RRB) Exams**

Preparation Strategies

Mr. Akat delved into effective preparation strategies for these competitive exams. He emphasized the significance of:

1. **Understanding the Exam Pattern and Syllabus:** He advised students to thoroughly understand the structure and content of the exams they are targeting. This includes familiarizing themselves with the syllabus, marking schemes, and types of questions asked.
2. **Time Management:** Mr. Akat highlighted the importance of creating a balanced study schedule that allocates adequate time for each subject. He suggested using time management techniques such as the Pomodoro Technique to enhance productivity.
3. **Regular Practice:** He stressed the necessity of regular practice through mock tests and previous years' question papers. This helps in identifying weak areas and improving speed and accuracy.
4. **Resource Selection:** Mr. Akat recommended choosing the right study materials and books. He mentioned that quality resources are more beneficial than quantity, and advised students to refer to standard books and reliable online resources.

Special Tips for Preparation and Interviews

Mr. Akat shared special tips for both the written examination and the interview stages:

- **Written Examination:** He suggested focusing on strengthening basics, revising regularly, and taking notes for quick reference. He also advised students to stay updated with current affairs through newspapers, magazines, and reliable online portals.
- **Interview Preparation:** For the interview stage, Mr. Akat emphasized the importance of developing good communication skills and building a confident personality. He advised students to stay well-informed about their subjects, current events, and to practice common interview questions. He also recommended participating in group discussions and mock interviews to build confidence.

Interactive Session

The seminar included an interactive session where students and faculty members had the opportunity to ask Mr. Akat questions. The queries ranged from specific doubts about certain exams to general advice on career planning. Mr. Akat answered each question patiently and provided detailed explanations and personalized advice.

Conclusion

Dr. D.R. Munde, the convener of the Career and Placement Cell, delivered the vote of thanks. He expressed gratitude to Mr. Akat for his valuable insights and practical advice. He also thanked the faculty and students for their active participation and enthusiasm.

Attendance

The seminar witnessed a large turnout, with faculty members and students from NES Science College attending in significant numbers. The high attendance underscored

the interest and eagerness among students to explore career opportunities through competitive examinations.

Impact and Feedback

The seminar was well-received by the attendees. Students found the session extremely informative and motivational. Many expressed their appreciation for the practical tips and strategies shared by Mr. Akat, and the interactive session was particularly appreciated for its direct engagement with the audience's concerns.

In conclusion, the seminar on "Career Opportunities through Competitive Examinations" provided invaluable guidance to students aspiring to pursue careers through competitive exams. It successfully highlighted the pathways and preparations needed to succeed in these exams, leaving the attendees inspired and better informed.

On
“Drug Resistance”

Organized by
Department of Botany, Microbiology, Biotechnology & Herbal Medicine
in association with
Wet-Lab Championship E-Cell IIT Bombay, Dated 10th & 11th Jan 2020.

Two days workshop on Drug Resistance was successfully organized for Bioscience students of Undergraduate, Post graduate, Research students and Faculties. For this workshop, **Forty Two** participants from NES Science College, Nanded, Yeshwant Mahavidyalaya, Nanded and MGM College, Nanded participated with enthusiasm and eager to gain in-depth knowledge about the subject.

Dr. Puneet Kackar, Project Manager Innoplexus, India was the Resource person and Mentor for this workshop.

Inaugural function of Two days workshop on “Drug Resistance” was blessed with gracious presence of Dr. Venkatesh Kabde, President, Nanded Education Society, Nanded as a president of work shop, Dr. S. G. Gattani (Associate Dean, Faculty of science and Technology SRTM University Nanded) as a chief guest, Principal and Convener Dr. D. U Gawai and Organizing Secretary Dr. Prita. S. Borkar.

The inauguration started with paying tribute to Poojya Swami Ramanand Teerth by garlanding the portrait, enlightening the lamp and igniting the minds of student participants, Dr. D. U. Gawai introduced our esteemed institute and achievements of NES Science College in brief till date to the Guests. Chief guest, Prof. S. G. Gattani in his lucid speech expressed his concern about reduction in Immune Power of human beings and development of Drug resistance in Micro- organisms because of which MDR microbial species have evolved these days, He stressed on ‘How to improve the Immunity by intake of Vit C and how important is Vit D for Building and Strengthening bones.

Inaugural Function came to conclusion by presidential address given by Dr. Venkatesh Kabde, President, Nanded Education Society, Nanded. He enlightened us on Why drug discovery and Development is an emerging field, How one can pursue

his/her carrier in this field to combat various diseases and help better living of mankind . He elaborated on new terminology (XDR) Extensively Drug Resistant and Pan Drug Resistant (PDR) and How it continues to pose a significant public health problem in terms of mortality and economic losses.

Dr. Puneet started his session with introduction to the workshop: What is Drug Resistance? How microorganisms have developed Multi Drug Resistance and got evolved themselves through horizontal gene transfer via uptake of free DNA, plasmids etc. Why Drug Discovery is now an emerging science. In these two days, interactive sessions, discussions, demonstration and practical sessions using computers software's Data warrior and Argus Lab were successfully completed providing in-depth Knowledge about structural chemistry of Drugs available in database pub Chem. How Screening of similar structures of Drugs available in market, its brand names, studies of Drug efficacy, mutagenic, carcinogenic properties etc. He emphasized on different stages of "Development of Drugs" conducting chemical Trials is phases to I to IV How to file application to FDA and Investigational New Drug Application to FDA.

After New Drug discovered and developed how to patent the product, its rules and regulation, procedures to obtain a patent approval. Later, he explained after 20 years of patent approved it becomes generic and open to all for its manufacture by different pharmaceutical companies. This workshop was fruitful and benefitted the student participants with a vision to design new Drug that would surely benefit the society. Also this workshop has brought awareness among the students regarding Antimicrobial Resistance and Antibiotic Usage''.

Dr. Puneet Kackar's ceaseless efforts in conducting sessions through his interactive practical's and problems solving session using Agile Methodology (Using post-it- stickers) is highly appreciable. During these two days, participants were observed for their performance and **Five students** were selected for finale round of National Level Competition which in going to be held at **IIT Bombay** in Mid February 2020.

The students selected for **National Level Competition** are:

- 1) **Syed Faizan Khan**
- 2) **Mayura Pande**
- 3) **Harshal Hiware**
- 4) **Tanvi Jahagirdar**

5) Sakshi Punjekar

Lastly this report on Two days workshop on “Drug Resistance” cannot be complete without expressing gratitude and thanks to Dr. D. U. Gawai, Principal, Science College for his continuous support and motivation in organizing the workshop. Sincere thanks to Dr. V. B. Chavan for his kind co-operation and hospitality rendered towards better stay of Dr. Puneet. Special thanks to faculty co-ordinators, Mr. Balegaonkar Amol and Mr. Gorathkar. Chandrakant for their support in successful organization of the workshop.

Special thanks to Dr. Mohseena, Department of computer science for installation of Data warrior and Argus Lab softwares on every computer and Dr. Patki for availing Internet Resoure Center Facility.

Also sincere thanks to all organizing committee members and all the student participants without their participation this workshop could not be a successful event.

Once again thanks to All !

THE COLLEGE...

Poojya Swami Ramanand Teerth established "Nanded Education Society" in 1950 for catalyzing educational revolution in backward region of this Marathwada. N.E.S. Science College, a single faculty college of Nanded Education Society is one of the premier institution imparting quality educations to the students of this region since last 67 years. Swamiji in his vision of society emphasized the incorporation of spirit of enlightened and responsible citizenship in youth, essential for secular democratic India. The college is always poised to offer emerging contemporary education to the learners to fulfill the need of society as well as to meet global challenges. This institution has been on the forefront in pursuit of academic excellence and has attended potential for excellence (CPE) status from UGC. The college is DST-FIST sponsored and recently awarded as BEST COLLEGE AWARD by Swami Ramanand Teerth Marathwada University, Nanded .

The main objective and mission of college is overall development of students in all respect like academic, physical, mental, spiritual and moral to build up good citizen for the Republic of India. The college has lush green campus of 45 acres of land for curricular and co-curricular activities for stakeholders. The college offers 15 programmes at UG level and 30-subject combinations. To keep pace with the advancement and diversification in the field of science and technology some applied subjects like integrated Computer Science, Biotechnology at UG, M.Sc. Biotechnology; and Herbal Medicine at PG level have been introduced.

THE DEPARTMENT...

Department of Computer Science & IT is a leading department of this college, which was started in 1996. The department is successfully running different courses since last 20 years with progressive results. The department is a Self-financing department. It imparts academic programs at UG level and PG level. The department offers B.Sc. (Computer Science) at UG level as a one of the optional subject and M.Sc. (Computer Science) The department caters the need of the corporate sector and academia and successfully meets the

challenges of day to day advancements in the curriculum and technologies. The department has well qualified teaching faculty. The faculty members are engaged and research and developments in recent trends of the IT industry. The faculty members have published research papers in various international and national journal, published book / book chapter, presented papers in various national and international conferences. The Faculty members employ ICT teaching aids to enhance teaching learning experience.

THE COURSE...

PHP (recursive acronym for PHP: Hypertext Preprocessor) is a server-side scripting language designed for web development. PHP is open source general-purpose scripting language, easy available that is especially suited for web development and can be embedded into HTML. Nearly 80% of the websites today are using PHP to completely develop the websites. It is through PHP that we can build dynamic and database oriented websites.

The duration of the bridge course was designed considering the number of modules covered during the course .The average time duration for the bridge course was conducted for 7 days starting from 11.00am to 3.00pm excluding breaks.

Why PHP ?

1. Easy to Learn

PHP is easy to learn, even if you have no more skills of programming. It is one of the essential benefits of learning PHP.

2. Free of Cost

Since PHP is an open source web development language, it's completely free of cost. PHP is available for free to every user, and the community of PHP developers gives excellent technical support.

3. Supports All of the Leading Databases

Besides, PHP supports all of the leading databases, including MySQL, ODBC, SQLite and more. It is the main advantage of using PHP for web development.

4. Platform Independent

PHP runs on just about each platform available allowing it to operate across different operating systems.

5. Bright Career in the PHP.

The PHP programmers have bright future in the field and its very good tool for the freelancers. They can easily make living out of it and PHP web developers have very lucrative future ahead.

We strongly believe and recommended this learning process as it yields better result than the usual workshop that demands more time, however it is very simple & easy to understand by the students along with their academia.

- Full-day (5 hours lecture session with one break of minimum 20 minutes each).
- These were completely practical oriented session.
- Real word example and it implementation.
- Variety of real world exercises.
- High quality material taught by the expert
- One can start using PHP for curricular needs.

There was a **question and answers session** also after the lecture or mid practical session -students can pose direct questions from our trainers about their queries. The duration for the question and answer session would be of half hour in the last of each session.

The main purpose of this "Hands-on Training on PHP" is to create awareness and enrich knowledge for research scholars, faculty and students in the area PHP.

Following modules will be covered from the student as per there speed and grasping power between 1st to 5th day. We will ensure that, each and every basic concept should practically understand by the student and student should be able to do concept in these task.

- **Module 01:** Introduction to Scripting:
- **Module 02:** Introduction to Dynamic Websites
- **Module 03:** Introduction to Open Source
- **Module 04:** XAMPP and WAMPP Installation

- **Module 05:** PHP Programming Basics
- **Module 06:** Embedding PHP in HTML
- **Module 07:** Introduction to PHP Variable
- **Module 08:** Using Operators
- **Module 09 :** if, else if and else if conditions
- **Module 10 :** Statement
- **Module 11 :** Switch Statements
- **Module 12:** while Loop
- **Module 13 :** do Loop
- **Module 14:** for Loop
- **Module 15:** PHP Functions
- **Module 16:** PHP Array
- **Module 17:** Form: Get & Post Method
- **Module 18:** Setting Cookies, deleting Cookies
- **Module 19:** Dates and Times
- **Module 20:** Introduction to Database - SQL, MySQL Database
- **Module 21:** Making records, tables, forms
- **Module 22:** Managing Database Connections
- **Module 23-30:** Were completely dedicated for practical implementation of PHP real time and interesting projects, some of them are

- Blood Bank System
- Classes Portal
- Social Media
- Web application
- Standalone Web Application
- Using Python with other languages with PHP

We provided the certification of participation and also the study material to each student including e-books, Small Projects, and software kit.

The Venue for the bridge course was-

Training Day 01:

The Training started on 4th Feb 2019 at, 12.10pm – as each student was given the kits (Folder, pen, book, ID with their names) by the trainer at the lab, the first session started with the importance of PHP programming , Where exactly it is used , which crowd prefer web designing also give training on Static page creation by HTML (hypertext Markup Language) which was already taught in Bsc-I Year Sem-II , was refreshing the topic in html i.e tag definition , giving the importance of elementary tag & attribute tag in the programming . And using of format tag with the attribute tag get / post .

Module01: Introduction to Scripting and **Module 02:** Introduction to Dynamic Websites, was completed

Training Day 02:

The next day training started with HTML containing CSS –html with embedded CSS, CSS describes how HTML elements should be displayed. Incline CSS & External CSS, was taught however css provide beautification to your website .and then followed by installation of Xampp Serever , which is more compatible for windows operating system.

Using inline-block to Create Navigation Links; One common use for display: inline-block is to display list items horizontally instead of vertically. Center Align Elements-To horizontally center a block element (like <div>), use margin: auto; Setting the width of the element will prevent it from stretching out to the edges of its container. The element will then take up the specified width, and the remaining space will be split equally between the two margins concluding in the completion of Module 3(Introduction to Open Source) & Module 4(XAMPP installation)

Training Day 03:

On the third day of training , of PHP programming was introduced .How to embed php code into html page .was taught, along with the linkage to the server page .completion of **Module 05:** PHP Programming Basics and **Module 06:** Embedding PHP in HTML Was covered as per schedule .

Training Day 04: On the fourth day, the basic of php programming i.e variable declaration, along with looping statements.

Module 07:Introduction to PHP variable

Module 08:Using Operators

Module 09:if,else if and else if condition

Module 10: Statement

Module 11: Switch Statements

Training Day 5: On fifth day the following modules were completed

Module 12: While Loop

Module 13:Do Loop

Module 14:For Loop

Module 15:PHP Functions

Module 16:PHP Array

Module 17: Form Get& Post Method

Module 18: Setting cookies, deleting cookies &

Module 19: Dates & Time

Training Day 6:on the six day of training the following modules were completed .

Module 20: Introduction to Database –SQL, MySQL Database

Module 21: Making records, tables, forms

Module 22: Managing Database Connections

Training Day 7 : On the last Day the complete Project was executed , the participant students were grouped in three members for execution .The following projects were done .

- Blood Bank System
- Classes Portal
- Social Media
- Web application
- Standalone Web Application
